California Quality Collaborative

CalHIVE BHI Connect – September 2023

Less than a week to go before all the CalHIVE BHI project teams come together for our first in-person network convening in San Diego. [The agenda](#) is designed to support you and your teams **connect**, with your peer participants, team members and the CalHIVE BHI facilitators, **create** a shared vision of BHI and **commit** to the next phase of integration work. If you can't make it, all materials will be shared on the [CalHIVE BHI website.](#) If you have any questions please reach out to [Anna Baer](#).

Learning Events

Our next virtual learning session will be Thursday, September 28 (1:00-2:00PM). While this session is technically optional, we'll be covering "can't miss" content, including highlighting staffing and recruiting resources (e.g. org charts, job descriptions, interview questions) and walking through Section 3 of the Implementation Plan (Staffing).

We have made a few updates clarifying session topics on our 2023 Learning Calendar, which you can find [here.](#)

Data

Data leads, thank you for your continued work submitting measurement files for Cycle Test 1. If you are still working on making corrections, the last day to resubmit a measurement file will be September 8th, 2023 (Cycle Test 1 Closing Day). After that day, you will have the opportunity to make corrections to your data as we move into the new measurement period of Cycle Test 2.

All data leads and teams should attend the Cycle Test 2 Data Webinar on Thursday,

September 21 (11:00AM-12:00PM). We will host optional Office Hours on Thursday, October 5 from 11:00AM-12:00PM (please accept the Outlook invitiation to confirm your attendance). During this event, you can connect with your peers, discuss best practices and troubleshoot any challenges around your data submission. If you have any questions, please contact [Jose Ordonez.](#)

Improvement Advising

Implementation Plan and IMAT/Needs Discussion Results

As we transition into September, we'd like to take a moment to recognize the significant activity since we launched in July, including attending three CalHIVE BHI Commons learning sessions, submitting two data submissions and [preparing for](#) our upcoming in-person convening. Thank you to all teams for completing Section 1 Pre-Work of the Implementation Plan. [Implementation Plan](#) Sections 1 and 2, which will be released during the 9/12 meeting and sent

via email after the meeting, will be due Friday, September 29.

Our team has been synthesizing the cohort-wide trends from individual IMAT/Needs Discussion Improvement Advising meetings. We will share a high-level summary of shared strengths and opportunities at the September 12 meeting.

Resource Corner: Integration Models

As we talk about the conceptual and operational differences between the two BHI integration models, it can be difficult to identify how integrated care looks different in practice from traditional care. We wanted to highlight two videos that showcase each model "in action," which may be useful as your teams are planning:

- [Collaborative Care Management at La Clinica del Peublo in D.C.](), from Ryan White HIV/AIDS Program TargetHIV (6:46)
- [Dr. Bauman PCBH patient introduction](), from Beachy Bauman Consulting (1:04)

More videos and other resources are posted on the [CalHIVE BHI website.]()

DHCS Equity and Practice Transformation Program

For Medi-Cal providers, DHCS' [Equity and Practice Transformation (EPT) Provider Directed Payment Program]() will provide funding to small independent primary care

practices for practice transformation support to advance health equity and population health.

To learn more about which practices can apply to the program, how to apply for the program, what practices are committing to in the program and Managed Care Plans' role in the program, visit the EPT Application Instructions. When ready to apply, email ept@dhcs.ca.gov to begin the process. Applications for this program are due by **October 23, 2023.** More background information and details about the program can be found here.

Upcoming Events

View all CalHIVE BHI Events in the 2023 Program Calendar. All meeting materials are posted on the CalHIVE BHI Program Website. Questions on upcoming events or invitations? Contact Anna Baer abaer@pbgh.org
